

# Steven Bodeman \\ Graphic \\ Web Designer \\ Developer

My objective is to obtain a position as a Developer/Designer where I can display my talents, abilities and passion. My creativity, drive and experience have taught me that my greatest asset is the ability to learn and adapt at a rapid pace. I am always learning, growing, and improving my skills and knowledge.

I Bring

As a Graphic Designer my goal is to communicate ideas. I can take a client's message and, by using type, color, imagery and texture, among other printing techniques, transform the content into an informative, persuasive piece of visual communication. I can take your words and interpret innovative media to add impact to them.

I Am

Hard working, dedicated and friendly  
in all situations and environments.
